EXCEPTIONAL PERFORMANCE. EVERY DAY TOUGHNESS.

MTP3000 SERIES
ACCESSORIES FOR MOTOROLA TETRA RADIOS

Whether chasing a suspect down a busy street or calling maintenance to a bustling metro station, you depend on communications that perform in demanding environments. That's why it's critical to choose the only accessories designed, tested and certified to work optimally with Motorola TETRA radios. Our comprehensive portfolio of MTP3000 accessories delivers on that promise – with improved connectors and new enhancements for exceptional audio.

STRONGER, SECURE CONNECTIONS

From the pipeline to the fire line, our MTP3000 accessories are so robust and reliable, they'll outlast your most action-packed days. A newly designed, durable, compact, 8-pin connector ensures the accessory stays attached –whether you're jumping over barriers or climbing up ladders. With its tightly sealed radio interface and IP55 rating, your accessory can be exposed to water without losing the connection. Yet the connector is so slim, it won't add bulk to the radio.

EXCEPTIONAL AUDIO EVERY DAY

The audio profiles on our MTP3000 accessories make hearing clearly almost effortless. They ensure you get the best performance possible by adapting to how the accessory is worn – in the ear, on a lapel and more. Simply plug in the accessory and select from the menu to experience exceptional audio. The MTP3200 and MTP3250 deliver Bluetooth connectivity, which increases the user's operational flexibility and productivity in the field by offering wireless accessories. When it comes to high

performing accessories at an affordable price, count on Mag One, the only value-line accessories tested and certified by Motorola.

IMPRES PROVIDES INSTANT IDENTIFICATION

Plug in an accessory from our IMPRES line – such as the remote speaker microphone (RSM) – and your radio automatically identifies it and loads the correct profile to optimize audio performance. What's more, our IMPRES large-speaker RSM matches the high-powered speaker on your radio for even better communications in high-noise environments – essential for crowds or lots of traffic.

FLEXIBLE AND FUTURE-READY

We designed our portfolio of accessories to answer your needs today and evolve with you tomorrow, with capabilities such as integrated Bluetooth and more.

TESTED TOUGH AND PROVEN TOUGH

Power your radio and accessories with the only batteries Proven Tough. Time after time, in lab test after test – for Drop, Vibration and ESD (Electrostatic Discharge) – Motorola batteries withstand shocks, knocks, drops and shakes, and outperform the leading brands. If your radio gets banged on a ride, rattled by heavy equipment or shocked by static electricity, you can depend on our batteries to keep working.

Save energy and money by using your existing TETRA chargers to power up your MTP3000 series radios and accessories. Simply mix and match in your existing 6-unit chargers.

PART NUMBER	DESCRIPTION
REMOTE SPEAKER MICROPHONES	
PMMN4072	IMPRES large remote speaker microphone with noise-canceling microphone, loud audio, audio jack and emergency button, IP54
PMMN4074	IMPRES small remote speaker microphone with audio jack and emergency button, windporting, IP55
PMMN4075	Small remote speaker microphone, windporting, IP57. No emergency button.
PMMN4078	Small remote speaker microphone with audio jack and emergency button, windporting, IP55
REMOTE SPEAKER MICROPHONE ACCESSORIES	
MDRLN4885	Receive-only earbud with coiled cord
MDRLN4941	Receive-only earpiece with translucent tube and rubber eartip
WADN4190	Receive-only flexible earpiece
PMLN4620	D-Shell receive only earpiece
EARPIECES	
PMLN5724	2-wire surveillance kit with quick disconnect acoustic tube, black
PMLN5726	2-wire surveillance kit with quick disconnect acoustic tube, beige
PMLN5727	Mag One swivel earpiece with in-line microphone and push-to-talk
PMLN5728	Mag One receive-only swivel earpiece with short cord for shoulder-worn radios
PMLN5729	IMPRES ear microphone system with in-line programmable button
PMLN5733	Mag One Earbud with in-line microphone and push-to-talk button
HEADSETS	
PMLN5731	Dual-muff over the head headset with boom microphone and in-line push-to-talk, 24 dB NRR
PMLN5732	Mag One lightweight earset with boom microphone and in-line push-to-talk
PMLN6635	Lightweight headset with single earmuff, boom microphone and in-line PTT
BLUETOOTH OPERATIONS CRITICAL WIRELESS	
NTN2572	Operations Critical Wireless earpiece with 12" cable, require NNTN8191 Operational Critical Wireless push-to-talk pod
NNTN8294	Earbud with 11.5" cable, requires NNTN8191 Operations Critical Wireless push-to-talk pod
NNTN8295	Earbud with 45" cable, requires NNTN8191 Operations Critical Wireless push-to-talk pod
NNTN8191	Operations Critical Wireless push-to-talk pod, power supply for charging this pod must be ordered separately
PMLN6463	Swivel earpiece with in-line microphone and Bluetooth pod requires radio PTT (and optional wireless PTT NNTN8191)
Power Supply for PTT Pod	
PMPN4006A	Power supply for PTT pod. Mini-USB charging plug with UK and EURO plugs
PMPN4009A	Power supply for PTT pod. Mini-USB charging plug with US plug
CARRY ACCESSORIES	
HLN9714	2.5" Belt clip
PMLN5616	2" Belt clip
PMLN5004	Shoulder wearing device with Peter Jones Klick Fast stud
GMLN4488	Peter Jones Klick Fast belt dock (50 mm) for use with PMLN5004
GMDN0386	Peter Jones Klick Fast sew on dock for use with PMLN5004
GMDN0445AA	Peter Jones Klick Fast tag dock for use with PMLN5004
GMDN0445AC	Peter Jones Klick Fast leather belt loop with mounting dock (50 mm) for use with PMLN5004
GMDN0547	Peter Jones Klick Fast double tongue tag dock for use with PMLN5004
GMDN0497	Peter Jones Klick Fast belt dock (38 mm) for use with PMLN5004
WALN4307	Peter Jones Klick Fast retro fitting garment dock (screw-in) for use with PMLN5004
GMDN0566	Peter Jones leather belt loop and dock (50 mm) for use with PMLN5004
HLN6602	Universal chest pack
RLN4570	Break-a-way chest pack with radio holder
RLN4815	Radio Pack utility case
HLN9767	Wrist strap, black
NTN5243A	Shoulder strap, attaches to d-rings on carry cases
CARRY CASES	
PMLN5885	Hard leather case with 3" swivel belt loop, fits limited and full keypad models
PMLN5887	Soft leather case with 3" swivel belt loop, fits limited and full keypad models
PMLN5888	Soft leather case with 2.5" swivel belt loop, fits limited and full keypad models
PMLN5890	Soft leather pouch for use with shoulder wearing device (PMLN5004), fits limited and full keypad models
BATTERIES	
NNTN8023	2150 mAh high-capacity li-ion battery, IP55
NNTN8020	1650 mAh standard capacity li-ion battery, IP55
CHARGERS	
NNTN8038	Personal charger with US plug adapter
NNTN8133	Personal charger with Euro plug adapter
NNTN8134	Personal charger with UK plug adapter
NNTN8244	Desktop dual-unit charger for charging radio and spare battery sequentially (US plug)

Hard leather case with 3" swivel belt loop, fits simple and full keypad models.

IMPRES large remote speaker microphone with noise-canceling microphone, loud audio, audio jack and emergency button, IP54.

Dual-muff over the head headset with boom microphone and in-line push-to-talk, 24dB noise reduction rating.

NNTN8245	Desktop dual-unit charger for charging radio and spare battery sequentially (Euro plug)
NNTN8246	Desktop dual-unit charger for charging radio and spare battery sequentially (UK plug)
Simultaneous Charging kits	
PMLN6493A	Desktop dual-unit charger for charging radio and spare battery simultaneously (US plug)
PMLN6494A	Desktop dual-unit charger for charging radio and spare battery simultaneously (Euro plug)
PMLN6495A	Desktop dual-unit charger for charging radio and spare battery simultaneously (UK plug)
6-pocket multi-unit simultaneous charger base. You can mix and match any Motorola TETRA radios in these chargers, but must order the MTP3000 series specific radio or battery adapter insert (NNTN8036 or NNTN8037)	
NNTN8144	iTM enabled 6-pocket radio charger with USB ports (US plug)
NNTN8145	iTM enabled 6-pocket radio charger with USB ports (Euro plug)
NNTN8146	iTM enabled 6-pocket radio charger with USB ports (UK plug)
NNTN8151	Multi-unit charger with 6 battery pockets (US plug)
NNTN8152	Multi-unit charger with 6 battery pockets (Euro plug)
NNTN8153	Multi-unit charger with 6 battery pockets (UK plug)
NNTN8037	Battery charging insert for multi-unit charger
NNTN8036	Radio charging insert for multi-unit charger, insert is iTM compatible
NNTN6844	Wall mount bracket for multi-unit chargers
NNTN7560	Optional Storage tray for Multi-Unit charging
VEHICULAR ACCESSORIES	
NNTN8040	Vehicular power adapter, 12-24V plug. Allows you to charge your radio in vehicle
PMLN7018A	Radio holder only - No charging capability. Compatible with RSM attachment. Kit also includes: RSM bracket and cradle mounting bracket
PMLN6182A	Vehicular charger - Charges radio through the car battery. Compatible with RSM attachment. Kit includes: cradle, RSM bracket, cradle mounting bracket, vehicular power module, power cables
PMLN6181A	Vehicular Charger - Charges radio through the Vehicular Power Adapter. Requires NNTN8040 to be ordered separately. Compatible with RSM attachment. Kit includes: cradle, RSM bracket, cradle mounting bracket, vehicular power adapter holder
ANTENNAS	
85012034001	350-390 MHz Stubby antenna 80mm
85012056001	380-430 MHz Stubby antenna 55mm
85012033001	380-430 MHz Stubby antenna 80mm
85012031001	380-430 MHz Whip Antenna 110mm
SAVOX	
GMMN4579	SAVOX C-C400 COM-Control® Unit – PTT, for use in conjunction with SAVOX HC1 or HC2 headset
GMMN4585	SAVOX HC-1 Helmet-COM® Unit Bone-Mic / Single Speaker - Bone-conductive microphone with Quick-release connector
GMMN4584	SAVOX HC-2 Helmet-COM® Unit Bone-Mic / Dual Speaker - Bone conductive microphone with Quick-release connector
